# Spryker Cloud Commerce OS ^{NOW}

Introducing the fastest-time-to value, direct-to-consumer version of Spryker

*Spryker Cloud Commerce OS is a fully modular Commerce System which enables B2B, B2C and Marketplace business models through any customer interface, touchpoint and device. Known for its **easy extensibility, best-in-class performance** and **fast time-to-market**, Spryker is trusted by brands such as **METRO, HILTI, Tom Tailor, ROSE Bikes, and Segmüller Möbel.** The new Spryker Cloud Commerce OS ^{NOW} version brings these advantages to the next level and has been specifically developed for **manufacturers and brands** who want to reach their customers directly online. Spryker Cloud Commerce OS ^{NOW} can be set up quickly, **within days**, unlike **traditional commerce implementation project timelines.***

Focus on the Essentials

- **Fast:** Live in less than a week
- **Secure:** Scalable cloud hosting, 24x7 support, GDPR compliant
- **Complete:** All enterprise features of the B2C Spryker Commerce OS included
- **Futureproof:** Full functional extensibility for future project phases
- **Flexible:** Monthly payments, minimum contractual term
